

BYHAND AFRICAN ARTISANS

INTERIOR DESIGN COMPANY
PRODUCING HANDMADE INTERI-
OR ACCESSORIES.
EST. 2010- ONGOING

INTERIOR DESIGN

The company is based in Cairo and works to reinvent and revitalize local craftsmanship in North and East Africa.

In the respectful re design lays not only the power of preservation of culture and heritage, but also the means to create economical and social stability in families across the region.

We collaborate with UNHCR on a capacity building project concerning urban African immigrant women in Cairo.

The designs and productions are currently being sold locally and through a variety of shops in Europe and the U.S.

We also work with interior designers of hotels and lodges, both in Denmark, Greece and Egypt.
